- Natural gas was the *only* commodity that didn't increase in 2010... There's no better time than now to take advantage of market lows.
- The Nebraska Agri-Business Association has partnered with Seminole Energy to offer our members an opportunity to mitigate risk and potentially save money on natural gas expenditures.
- Seminole Energy provides "discount" natural gas to Large Industrial/Commercial customers who take advantage of Transport Services.
- You are already using Natural Gas, allow Seminole Energy to help explore the different options available!
- To find out if your business qualifies for these discount services, please contact Stacci or Michelle today!
- **You have a choice in selecting your natural gas provider, let us teach you a different way to buy gas!**
- **See if Seminole Energy can provide you with savings on your natural gas expenditures today!**
